

**Now that the season is almost over....we will take your used equipment!!!!  
Promote your Team Logo and pass on your gear!**

**Young Women In Sport** would like to support the growth and development of aspiring young swimmers. We hope to **connect** the swimmers with opportunities. We hope to help **educate** the swimmers to understand the long term benefits of athletics. We hope to **inspire** the swimmers with a drive to succeed in and out of the pool.

To support the New England Inclusion program, to "promote, inform, and expand competitive swimming in underrepresented groups throughout NE swimming territory", we are looking for equipment donations.

The equipment you donate will go to community organizations and children within the LSC's area, less likely to have an abundance of equipment to serve those in need. This event is being held to raise awareness and encourage young athletes within the swimming community to better understand the importance and impact of the need for children to learning to swim and providing better access while giving back to those who may not be as fortunate in learning the life skill.

This could also be an opportunity for you to clean out old junk, check your lost and found, or promote your college program. Any swimming related equipment or garments are welcome.

***Caps, goggles, towels, old practice or racing suits, warm ups, t-shirts, sweatshirts, jackets, paddles, pull buoy, fins, masks.....all are welcome.***

Please send donations to
